INTRODUCTION

Located in Binh Luc industrial zone, Ha Nam province, Viet Nam and established in 2007, CPI VIET NAM PLASTIC LIMITED COMPANY(CPI PLASTIC CO., LTD) is one of the biggest manufacturers of concentrated masterbatches and additive masterbatches for various applications of plastic fields in Viet Nam.

Our primary products are Filler Masterbatch, Color Masterbatch and Additive Masterbatch. Until now CPI has expanded its activity to exportation to many countries in the world.

Based on industry know-how and the ability to identify customer needs, especially for reducing cost of plastic end-products with unchanged quality, CPI's dedicated technical engineers have non-stop researched, studied and launched special products in order to meet almost of domestic and international demands. Our current output is 5,000 tons of masterbatch per month and is continuing to raise thanks to the international orders.

We completely commit to always serve our valued customers with the highest quality products, the most reasonable price, short delivery time, sufficient quantity and the best after-sales service.
